THE FIRST IRISH PUB IN UKRAINE

«Mick O'Neills» Irish Pub dates back to 1997. By the way, Deribasovskaya, 13 - the place is historical and quite well-known. In the 19th century at this address, there was a lucrative home of an Italian architect who built a lot of beautiful buildings, his name is Franz Frapelli.

In the 1990s, Odessa began a tourist boom, native residents and visitors needed in a high-quality of rest.

The idea of an authentic Irish pub was brought from one trip. And in the wake of the idea, came a team of colorful Irish people. The success and popularity from the early days of «Mick O'Neills» provided three advantages:

- The first Irish pub in Ukraine;
- The first round-the-clock institution in Odessa;
- The Pavlovskiy family.

Thus, began the history of one of the most famous establishments in the city and beyond, which later became a tourist attraction from all over the world.

Apart from everything you can feel the atmosphere and the spirit of the Pub. Imagine you get to a place where all the elements of the decor and furniture made of mahogany and delivered straight from Dublin. Even the first chef of the establishment was also Irish David.

Today, as in 1997, the legendary Buffalo wings are served here, the recipe of which has not changed for 23 years and of course, Guinness. Our team employ's people who have devoted many years and energy to this Pub. For each of them «Mick O'Neills» has become a new way of life. Generations change, time passes, and we still please natives and visitors with a wonderful menu and atmosphere.

ALCOHOL IN IRELAND

Don't like beer, but you're tired of traditional whiskey? Or maybe the other way around? We know how to help you. Irish Moonshine potin — that's our answer.

The Irish have always been famous for a special passion for bright unusual strong drinks, and the classics of the genre in the form of quality moonshine — the brightest example of this. A wide variety of raw materials, from grains and sugar beets to potatoes and molasses, can be used as a basis for the creation of the drink. Notes of green apples, smoke, white pepper and the wood gives the potin a special flavor. The principle of preparation of the drink is quite authentic. The drink received the status of GI, that is, protection by origin, and is a prominent representative of Irish flavor. To fully reveal the gastronomic features, it is best to use it with fish dishes, meat and cheese slices. Due to repeated distillation, it acquires unique taste characteristics that can be a worthy addition to any evening, whether it was a meeting of old or celebrating the anniversary in the company of relatives. Hurry to taste the traditional drink of real Ireland in the Irish Pub «Mick O' Neills».

WINE'S

"Жизнь слишком коротка, чтобы пить плохие вина."

Иоганн Вольфганг фон Гёте

TRUTH in Wine

Wine is considered one of the most noble drinks in the world. Winemaking is timeless. It's mentioned in the Bible, in the Koran, Greek and Roman mythology, there was even mention of their own wine gods. (for example, Dionysus). It is worth noting that almost every nation has its own legend, telling about the appearance of this divine elixir.

A few interesting facts about wine:

Today, wine is made on all continents of the earth, except Antarctica with its harsh climate. One bottle takes about 1.3 kg of grapes, while a ton of processed sweet berries equals almost 60 boxes of wine.

There are about 49 million bubbles in one bottle of sparkling. Sparkling is therefore called sparkling - it takes place the so-called «pearl» - from the French «perle» meaning pearls. So romantic called the game of bubbles.

Sparkling wine is considered one of the best aperitifs. It improves appetite, mood and taste of any dish. Francois Rabelais once said that appetite comes when eating. But here it sounds more appropriate - the appetite comes during the sip of sparkling.
